Review Request

You have created a request for:
- Talking calculator

To be used in:
- Science
- Math

Your Notes:

The list should be structured hierarchically using HTML tags when implemented. "Back" and "Submit" should have button tags

Back

Submit

Pending Requests

Requested Tools ▲	Date Requested ▾	Time Requested ▾	Classes ▾
Talking Calculator	February 18	2:26pm	Math,Science
Braille Keyboard	February 20	12:30pm	All

This table should have the proper HTML table tags when implemented and there should not be blank rows in the table so that the screen reader doesn't scan through them. "Back" should have a button tag

My Tools

Current Tools:

Talking Calculator
Switch
Voice Over

In-Trial Tools:

Braille Keyboard

Previous Tools:

High Contrast Keyboard

Ensure these lists are structured hierarchically when actually implemented.

Ex:
<h1> My tools </h1>
  <h2> Current Tools </h2>
    <h3> Talking Calculator</h3>
    ...
  <h2> In-Trial Tools</h2>
    <h3> Braille Keyboard</h3>
....
etc

"Back" should have a button tag

My Tools

Current Tools:

Talking Calculator
Switch
Voice Over

In-Trial Tools:

Braille Keyboard

Previous Tools:

High Contrast Keyboard

Talking Calculator ✖

You are currently using:
- Talking Calcuator

for:
- Math
- Science

Your notes:

I have been using a talking calculator in math class for 2 years.

Edit   Close

The lists would be properly structured with HTML tags so the screen reader could read everything in the popup. "Edit" and "Close" would have button tags
